Re: Notice of Withdrawal of Interest in Maintaining Joint Invention

ERCO Worldwide, A Division of Superior Plus Inc. ("ERCO") and successor in interest to Sterling Pulp Chemicals, Ltd. ("Sterling"), hereby confirms in writing the notice provided to Ashland and Sabre on April 30, 2004 through their attorneys and representatives that, effective April 30, 2004, ERCO is not interested in seeking or maintaining patent protection for the process for the use of chlorine dioxide as a fumigant which was jointly conceived by Gerald Cowley of Sterling, John Y. Mason of Sabre, and Samuel F. Eltomi of Ashland (the "Joint Invention"). As discussed, an assignment of rights is to be prepared by Sabre and Ashland and forwarded to ERCO and, upon agreement as to content, is to be executed by ERCO.

In relation to the costs for the preparation, filing, prosecution and maintenance of the Joint Invention, ERCO will invoice Sabre and Ashland for the amounts owing from each for their respective one-third shares up to and including April 30, 2004, upon receipt of the April invoice from counsel and upon receipt of any additional invoices. ERCO confirms that it is not obligated for amounts incurred for work performed after April 30, 2004.

the ASSIGNORS, have invented certain new and useful improvements in

METHODS OF USING CHLORINE DIOXIDE AS A FUMIGANT

which are described and claimed in application for United States Letters Patent Serial No. 09/997,694 filed November 30, 2001;

NOW, THEREFOR, for and in consideration of the sum of One Dollar (\$1.00) and other good and valuable considerations to me (us) in hand paid, the receipt and sufficiency whereof are hereby acknowledged, I/we have sold, assigned and set over, and by these presents do hereby sell, assign and set over unto

SABRE OXIDATION TECHNOLOGIES, INC. (a Colorado corporation)
2642 Marco Avenue, Odessa, TX, 79762 U.S.A. (the Assignee)

and the said Assignee's legal representatives, successors and assigns, the entire right, title and interest, in and to the said invention within the United States of America and its territories and possessions, and in and to said application and the Letters Patent of the United States of America that may be granted therefor, together with the right to extend the protection thereof to the various territories and possessions now owned or which may be acquired hereafter by the United States of America and in all foreign countries, including any legal equivalents thereof in all foreign countries and all rights to claim priority, in and to any and all improvements which are disclosed in the invention; and I/we do hereby request and authorize the Commissioner of Patents to issue said Letters Patent to the above-mentioned Assignee agreeably with the terms of this assignment.

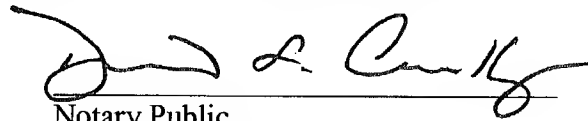

UPON SAID CONSIDERATION, I/we do hereby covenant and agree with the said Assignee that I/we will not execute any writing or do any act whatsoever conflicting with these presents, and that I/we will at any time upon request without further or additional consideration, but at the expense of the said Assignee, execute such additional assignments and other writings and do such additional acts as said Assignee may deem necessary or desirable to perfect the Assignee's enjoyment of this grant and render all necessary assistance in making application for and obtaining original, divisional, reissued, or extended Letters Patent of the United States of America on said invention,

and in enforcing any rights or choices in action accruing as a result of such applications or patents, including but not limited to, giving testimony in any proceedings or transactions involving such applications or patents, and executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind and inure to the benefit of the assigns and legal representatives of all parties hereto.

IN WITNESS WHEREOF, this Assignment has been executed by the Assignors at Gambini Partners, on this 15th day of July, 2004.
